

Enhanced Competency Framework on Operational Risk Management (ECF-ORM)
Frequently Asked Questions

General

1. Is it mandatory for Relevant Practitioners (RPs) to obtain the ECF certification?

While the ECF-ORM is not intended to be a mandatory licensing regime, Authorized Institutions (AIs) are encouraged to adopt the ECF-ORM as part of their overall efforts in supporting relevant employees' on-going professional development and appropriate measures to monitor and maintain the competence levels of their operational risk management staff.

2. How to define a RP if a staff member is not performing all the key duties specified in the HKMA guidelines?

The key roles specified in Annex 1 of the HKMA's Guide to ECF-ORM serve as a general guide to assess whether a staff member falls within the scope of RPs. A staff member is not required to work full time in the operational risk management function or perform all of the roles specified in the job description in order to be classified as a RP. AIs are expected to adopt a principles-based approach when determining whether a staff member with multiple job roles falls within the definition of RPs for the ECF-ORM by assessing the significance of the operational risk management role performed by the staff member. AIs are expected to justify their decisions made in this regard.

Grandfathering

3. What relevant experience would be counted for grandfathering?

A RP may be grandfathered on a one-off basis based on his or her years of qualifying work experience and/or professional qualification. Such work experience need not be continuous. Please refer to the guidelines below for reference.

a) Core Level via Path (i) or Path (ii):

Path (i):

- Possessing at least 3 years of relevant work experience on or before 30 June 2022 in operational risk management, business function risk and control gained from AIs and/or non-bank financial institutions, and/or internal audit (related to operational risk management and controls within an AI); and
- Employed by an AI at the time of application.

OR

Path (ii):

- Completion of one of the following training programmes:
 - Operation Risk Manager Certificate of the Professional Risk Managers' International Association (PRMIA); or
 - Professional Risk Manager of the PRMIA; or
 - Certificate in Operational Risk Management of the Institute of Operational Risk (IOR), which is now a part of the Institute of Risk Management (IRM) Group;

- Possessing at least 2 years of relevant work experience on or before 30 June 2022 in operational risk management, business function risk and control gained from AIs and/or non-bank financial institutions, and/or internal audit (related to operational risk management and controls within an AI); and
- Employed by an AI at the time of application.

b) Professional Level via Path (i) or Path (ii):

Path (i):

- Possessing at least 8 years of relevant work experience on or before 30 June 2022 in operational risk management, business function risk and control gained from AIs and/or non-bank financial institutions, and/or internal audit (related to operational risk management and controls within an AI), of which at least 3 years must be gained from Professional Level job roles within an AI; and
- Employed by an AI at the time of application.

OR

Path (ii):

- Completion of HKIB's Postgraduate Diploma for Certified Banker (Operations Management Stream); and
- Possessing at least 5 years of relevant work experience on or before 30 June 2022 in operational risk management, business function risk and control gained from AIs and/or non-bank financial institutions, and/or internal audit (related to operational risk management and controls within an AI); and
- Employed by an AI at the time of application.

Applications for grandfathering are handled and assessed by the HKIB.

4. How does a RP know if he/she is eligible to apply for grandfathering?

The grandfathering application requires the Human Resources Department (HR) of the concerned AI(s) to verify and endorse the relevant work experience reported by the RP (e.g. name of employer, job position, employment period, total number of years of experience in the relevant functions). An endorsement by the RP's current employer would indicate that he/she has met the eligibility criteria on relevant experience before it is passed to the HKIB for processing.

Regarding information related to a RP's previous employment, the current employer is encouraged to provide necessary assistance to the RP in the application for grandfathering or certification (e.g. confirming whether such information is consistent with the curriculum vitae provided by the RP at the time of his/her job application). Applications without HR verification will not be accepted.

During the application review process, the HKIB may request the RPs to provide employment records or additional information to substantiate the application for grandfathering.

5. How does one complete the certification application after grandfathering has been granted?

Upon confirmation from the HKIB that approval for grandfathering has been granted, the RP may complete the “Certification Application Form” for the Associate Operational Risk Management Professional (AORP) / Certified Operational Risk Management Professional (CORP) certifications within 3 months after issuance of the grandfathering approval letter.

RPs can apply both grandfathering and certification at the same time, the certification application will only be proceeded if the grandfathering status is approved.

6. Is there any cut-off date to apply for grandfathering?

Existing RPs that meet the grandfathering criteria as prescribed in the response to Question 5 above can submit their grandfathering applications from 1 July 2021 to 30 June 2022, and the processing time required will be around 60 days. Late application will not be accepted.

7. I have adequate years of relevant experience but I have left the banking industry, am I eligible for grandfathering?

Grandfathering is applicable for existing RPs who are performing operational risk management function and are employed by an AI in Hong Kong at the time of grandfathering application. For other individuals who have the relevant work experience but are not working in an AI in Hong Kong or those staff of an AI who are not performing operational risk management function during the grandfathering period, they may submit their applications to the HKIB for grandfathering within three months from the date of joining the operational risk management function of an AI and becoming a RP. However, they should have met all the applicable grandfathering criteria on or before 30 June 2022 as prescribed in the response to Question 5 above.

8. Would overseas work experience be recognised in a grandfathering application?

In general, relevant overseas work experience in the operational risk management function from the banking industry and/or other related financial sectors is recognised for grandfathering and will be considered by the HKIB on a case-by-case basis.

9. Where can I obtain the Grandfathering Application Form?

The grandfathering application form is available at the HKIB website.

10. Could I receive the result of grandfathering application for Core Level or Professional Level earlier than 60 days?

It will take approximately 60 days under normal circumstances to process an application upon receipt of the completed application form and full set of supporting documents.

11. Upon the commencement of the grandfathering application (i.e. 1 July 2021), I might not fulfil the minimum relevant work experience for the grandfathering application. However, I will be able to accumulate and fulfil such minimum work experience on or before the application deadline (i.e. 30 June 2022), how and when should I submit my application?

It is necessary for you to possess the minimum relevant work experience upon your submission of the grandfathering application. Such fulfilment of relevant work experience and submission of grandfathering application should be made on or before 30 June 2022.

12. Is there any application fee for grandfathering?

Yes, an application fee of HKD1,050 will be applied for each application.

13. Does HKIB accept batch submissions of the application forms from Authorized Institutions (AIs)?

Yes, AIs may submit the application forms of their RPs by batch together with one single payment for the total application fee. Please provide the details of a representative as the key contact person regarding the applications in a cover letter.

However, if you fail to renew the certification before 31 January of each calendar year, your certification will be suspended, and your name and status information will not appear on the Certified Individuals (CI) Register published on the HKIB website. As a result, you will not be allowed to include the professional qualification on your name card or CV. While a RP's professional qualification(s) is/are being suspended, his/her name and status information will not appear on the Register of Certified Individuals published on the HKIB's website.

For cases where there are special reasons to justify the failure to meet the annual CPD requirements, for example, due to an extended sick leave, the HKIB may consider reinstating the RP's AORP/ CORP certification on a case-by-case basis.
