1. Introduction

With the aim of supporting capacity building and talent development for banking professionals, the Hong Kong Monetary Authority (HKMA) has been working together with the banking industry to introduce an industry-wide competency framework - “Enhanced Competency Framework (ECF) for Banking Practitioners” in Hong Kong.

Since the implementation of ECF in 2018, various programmes for different job functions in banking industry have been developed and integrated into The Hong Kong Institute of Bankers’ (HKIB) flagship Certified Banker (CB) Programme which offer generalist, specialist, and strategic topics. The rationale for putting all programmes under one professional banking qualification is to promote an industry-based common qualifications benchmark. While ECF programmes offer “role-based” knowledge and certification to relevant practitioners, CB is offering a vocational qualification pathway for further career advancement, being continuously enhanced to nurture more holistic banking professionals and ultimately, supporting the industry to develop a continuous learning culture and a sustainable talent pool so as to maintain the competitiveness of Hong Kong as an international financial centre.

The Enhanced Competency Framework on Anti-Money Laundering and Counter-Financing of Terrorism (ECF-AML/CFT) was introduced to develop a sustainable pool of AML/CFT practitioners for the banking industry. The qualification structure of the ECF-AML/CFT comprises two levels: Core Level and Professional Level, targeting new entrants and existing AML/CFT compliance practitioners.

As the programme and qualification provider of the ECF-AML/CFT, HKIB has developed the learning programme – “**ECF on Anti-Money Laundering and Counter-Financing of Terrorism (AML/CFT) (Core Level)**” to help individuals attain the Core Level of the competency standards set for the ECF-AML/CFT. The programme “**ECF on Anti-Money Laundering and Counter-Financing of Terrorism (AML/CFT) (Professional Level)**”, offered by HKIB in collaboration with HKU SPACE to help individuals attain the Professional Level of the competency standards. Learners who have completed the training and passed the corresponding examinations will be awarded the “**Advanced Certificate for ECF on Anti-**

Money Laundering and Counter-Financing of Terrorism (AML/CFT)” and the **“Professional Certificate for ECF on Anti-Money Laundering and Counter-Financing of Terrorism (AML/CFT)”** respectively.

This Handbook provides the detail of the two programmes for the learner who intends to complete the ECF-AML/CFT trainings and examinations and also with the intent to obtain the Professional Qualification of **“Associate AML Professional (AAMLP)”** or **“Certified AML Professional (CAML P)”**.

For more details related to the ECF-AML/CFT, please refer to the [Guide to Enhanced Competency Framework on Anti-Money Laundering and Counter-Terrorist Financing](#) issued by HKMA dated 22 March 2018 or you may visit [HKIB’s ECF - AML/CFT webpage](#).

2. Background

2.1 Aims

The aims of the ECF-AML/CFT are twofold:

- (i) To develop a sustainable talent pool of AML/CFT practitioners for meeting the workforce demand in this sector; and
- (ii) To raise and maintain the professional competence of AML/CFT practitioners in the banking industry.

2.2 Competency Standards

They are set at two levels:

Core Level - This level is applicable to entry-level staff with less than three years of relevant work experience in AML/CFT compliance.

Professional Level - This level is applicable to staff with three years or more of relevant work experience in AML/CFT compliance.

2.3 Scope of Application

The ECF-AML/CFT is targeted at 'Relevant Practitioners', including new entrants and existing practitioners, engaged by an Authorized Institution (AI)¹ to perform AML/CFT compliance roles in its Hong Kong operations.

Relevant Practitioners who have less than three years of relevant work experience in the following areas should pursue the Core Level of the ECF-AML/CFT:

- (i) Assist in AML/CFT risk assessment reviews and communication of results.
- (ii) Assist management to review the AML/CFT compliance risk management framework by performing periodic compliance tests on the AML/CFT programme.
- (iii) Execute remediation of compliance deficiencies (discovered internally or by regulators) within a bank.

¹ An institution authorized under the Banking Ordinance to carry on the business of taking deposits. Hong Kong maintains a Three-tier Banking System, which comprises banks, restricted license banks and deposit-taking companies. Authorized institutions are supervised by the HKMA.

- (iv) Review and investigate suspicious transaction alerts, prepare appropriate documentation on these investigations and escalate cases of suspicious activity to the appropriate personnel (e.g. the Money Laundering Reporting Officer) where further investigation and report filings may be necessary.

Relevant Practitioners who have three years or above of relevant work experience in the following areas should pursue the Professional Level of the ECF-AML/CFT:

- (i) Develop, implement and periodically review the AML/CFT compliance risk management framework and the related controls for identification, management, monitoring and reporting of AML/CFT compliance risks and issues (including the operation of AML/CFT systems).
- (ii) Review, analyse and communicate AML/CFT management information such as trends surrounding suspicious transactions/filed Suspicious Transaction Reports (STR) and sanctions screening hits. Report results of AML/CFT risk management reviews and identify key areas of improvements. Monitor remedial actions for identified weak AML/CFT controls that require corrective actions.
- (iii) Evaluate and communicate new laws and regulations and stay abreast of all legislative and regulatory developments relating to AML/CFT, both a local and international levels.
- (iv) Review suspicious activity that has been investigated and concluded as reportable and file STRs to the Joint Financial Intelligence Unit (JFIU) in accordance with regulatory requirements.
- (v) Plan periodic compliance tests on the bank's AML/CFT programme against compliance testing policies, procedures and regulations.
- (vi) Provide guidance and training to business units on AML/CFT related matters, including but not limited to transaction monitoring, filtering, sanctions screening, trade-based money laundering and correspondent banking.

The ECF-AML/CFT is not intended to capture bank staff performing other job functions that are incidental to AML/CFT compliance.

For more details about the key tasks, please refer to Annex 1 - ECF-AML/CFT: Key roles

and tasks for Relevant Practitioners of the HKMA [Guide to Enhanced Competency Framework on Anti-Money Laundering and Counter-Terrorist Financing](#).

2.4 Certification and Public Register

There are two Professional Qualifications under the ECF-AML/CFT:

Core Level

Associate AML Professional (AAML P)

A Relevant Practitioner may apply to HKIB for the professional certification if he or she

- (1) has completed the programme “ECF on Anti-Money Laundering and Counter-Financing of Terrorism (AML/CFT) (Core Level)” and obtained a pass at the examination for Core Level (work experience is not a prerequisite for obtaining the Professional Qualification); or
- (2) has been grandfathered based on the required work experience upon the launch of the Core Level module.

Professional Level

Certified AML Professional (CAMLP)

A Relevant Practitioner may apply to HKIB for the professional certification if he or she:

- (1) has completed the programme “ECF on Anti-Money Laundering and Counter-Financing of Terrorism (AML/CFT) (Professional Level)” and obtained a pass at the examination for Professional Level plus at least 3 years of work experience in AML/CFT compliance; or
- (2) has been grandfathered based on the required work experience upon the launch of the Professional Level module.

By going through HKIB certification process successfully, AAML P/CAMLP holders are then registered as Certified Individuals (CI) and included in the public register on HKIB website. HKIB will also grant the certification holders a professional membership of HKIB.

2.5 Annual renewal of certification and CPD Requirements

Certifications of AAMLP and CAMLP are subject to annual renewal by HKIB. AAMLP and CAMLP holders are required to meet the annual Continuing Professional Development (CPD) requirements and pay an annual certification fee to renew the certification.

The AAMLP certification require a minimum of 10 CPD hours, of which at least 5 should be on the topic of AML/CFT, with the remaining hours on compliance (including financial crime compliance), legal and regulatory requirements, risk management or ethics.

The CAMLP certification require a minimum of 12 CPD hours, of which at least 6 should be on the topic of AML/CFT, with the remaining hours on compliance (including financial crime compliance), legal and regulatory requirements, risk management or ethics.

Any excess CPD hours accumulated within a particular year cannot be carried forward to the following year.

No CPD is required in the first calendar year when the AAMLP/CAMLPA certification is granted. The CPD requirement starts in the following calendar year.

Please refer to the [Overview of HKIB CPD Scheme](#) and [HKIB CPD Requirements webpage](#) for more details.

8.3 Examination Approach

There are two examination approaches available and candidates may choose either one which is best fit for them.

- Face-to-face Examination: Traditional face-to-face examinations will be conducted at designated venues arranged by HKIB. Candidates are required to take examinations at specific locations allocated to them accordingly.
- “Remote Exam”: As an alternative to the traditional face-to-face examination, HKIB had introduced an innovative initiative, “Remote Exam”, allowing candidates to take examinations from their homes or workplaces with own computer equipment and internet access. “Remote Exam” offers greater flexibility in terms of location and time saving on travelling for our candidates without jeopardising the quality standard of assessment.

Measures will be taken to align the same standard of fairness and effectiveness as that of the traditional face-to-face examination. A two device-approach will be adopted with one computer, either desktop or laptop, to access the “Remote Exam” platform for the examination and a mobile device, either smartphone or tablet, for invigilation and monitoring. Authentication of identity and real-time virtual invigilation will be conducted hassle-free with an automatic remote system to ensure the highest degree of integrity and data security.

To ensure smooth examination operations, candidates opting “Remote Exam” are required to participate in the “Rehearsal Practice Examination” to be held by HKIB before eligible to attend the formal examination. This arrangement will facilitate the candidates to get better preparation and understanding on the logistic arrangement of the “Remote Exam”.
