

Enhanced Competency Framework on Compliance (ECF-Compliance) Frequently Asked Questions

General

1. Is the ECF-Compliance under the Government subsidised scheme?

Eligible candidates working in the wealth and asset management industry can apply for the financial incentive scheme for professional training under the pilot programme to enhance talent training for the asset and wealth management sector (the WAM Pilot Programme), which is funded by the HKSAR Government. Please visit www.wamtalent.org.hk for application details and the list of reimbursable pilot programmes under the WAM Pilot Programme.

Please note that only the training fee is covered by the WAM. Certification, membership and examination fees are excluded. Application documents must be submitted through the WAM website within FOUR months from the last day of the course attended.

2. Is there any Professional Qualification Programme Scholarship Scheme for the programme?

Each year, HKIB selects the top two candidates from each competency level (Core/Professional) and award them with the scholarship as recognition. This is the way for HKIB to promote academic excellence and motivate future students to push themselves to achieve same high level of performance.

The two top candidates in each competency level (Core/Professional), provided that all other granting requirements are met, can be awarded with a cash incentive (HKD4,000 for Core Level; HKD5,000 for Professional Level), and a study coupon which can provide candidates to study one more professional qualification offered by HKIB with all training and examination fees waived.

Grandfathering

3. What are the grandfathering criteria?

A RP may be grandfathered on a one-off basis based on the years of qualifying work experience and/or professional qualification. Such work experience need not be continuous. Please refer to the guidelines below for reference.

a) Core Level:

- Possessing at least 3 years of relevant work experience on or before 31 January 2024 in the general compliance function (for Role 1) or in an investment and/or insurance compliance function (for Role 2) as specified in the Annex 1 of HKMA Guide; and
- Employed by an Authorized Institution (AI) at the time of application.

b) Professional Level:

- Possessing at least 8 years of relevant work experience on or before 31 January 2024 in general

compliance function (for Role 1)* or in the investment and/or insurance compliance function (for Role 2)* as specified in the Annex 1 of HKMA Guide; of which at least 3 years must be gained from respective Professional Level job roles (taking up middle to senior level positions in compliance function) gained from AIs; and

- Employed by an AI at the time of application.
- RPs who have sufficient work experience both in Role 1 – General Compliance and Role 2 – Investment and Insurance Compliance (i.e. 8 years of experience in each role can apply for both CCOP(GC) and CCOP(IIC) certifications).

Applications for grandfathering are handled and assessed by HKIB.

* *the majority of work experience gained from different job roles will affect the certification title (i.e. CCOP(GC) or CCOP(IIC)).*

4. How does a RP know if he/she is eligible to apply for grandfathering?

The grandfathering application requires the Human Resources Department (HR) of the concerned AI(s) to verify and endorse the relevant work experience reported by the RP (e.g. name of employer, job position, employment period, total number of years of experience in the relevant functions). An endorsement by the RP's current employer would indicate that he/she has met the eligibility criteria on relevant experience before it is passed to HKIB for processing and vetting.

During the application review process, HKIB may request the RPs to provide employment records or additional information to substantiate the application for grandfathering.

5. Can my current employer certify my previous working experiences for the submission of grandfathering application?

Yes. Regarding information related to a RP's previous employment, the current employer is encouraged to provide necessary assistance to the RP in the application for grandfathering or certification (e.g. confirming whether such information is consistent with the curriculum vitae provided by the RP at the time of his/her job application). Applications without HR verification will not be accepted.

6. I have adequate years of relevant experience, but I have left the banking industry, am I eligible for grandfathering?

Grandfathering is applicable for existing RPs who are performing compliance function and are employed by an AI in Hong Kong at the time of grandfathering application. For other individuals who have the relevant work experience but are not working in an AI in Hong Kong or those staff of an AI who are not performing compliance function during the grandfathering period, they may submit application to HKIB for grandfathering within three months from the date of joining the compliance function of an AI and becoming a RP. However, they should have met all the applicable grandfathering criteria on or before 31 January 2024.

7. If I have worked in non-AIs for few years, should this experience be counted into relevant work experience?

As for work experience related to compliance gained from non-bank financial institutions and/or regulators, they will be considered on a case-by-case basis by taking into account the level of involvement in performing compliance related key tasks. Please refer to the key tasks listed in Annex 1 of the “Guide to ECF-Compliance” issued by HKMA to assess the significance of the compliance role performed.

8. Would overseas / non-AIs work experience be recognised in a grandfathering application?

In general, relevant overseas work experience in the compliance function from the banking industry and/or relevant work experience in non-bank financial institutions, regulators (e.g. HKMA, Securities and Futures Commission, Insurance Authority etc.) and/or professional services firms providing compliance related services will be considered on a case-by-case basis by taking into account the level of involvement in performing compliance related key tasks. The work experience acquired from frontline business processes and operations, internal audit and risk management functions will also be considered on a case-by-case basis.

9. When could I receive the result of grandfathering application for Core Level or Professional Level?

It will take approximately 90 days under normal circumstances to process the grandfathering and certification application (including the election done by the Executive Committee) upon receipt of the completed application form and full set of supporting documents.

10. Upon the commencement of the grandfathering application (i.e. 1 February 2023), I might not fulfil the minimum relevant work experience for the grandfathering application. However, I will be able to accumulate and fulfil such minimum work experience on or before the deadline (i.e. 31 January 2024), how and when should I submit my application?

It is necessary for you to possess the minimum relevant work experience upon your submission of the grandfathering application. Such fulfilment of relevant work experience and submission of grandfathering application should be made on or before 31 January 2024.

11. Does HKIB accept batch submissions of the application forms from AIs?
