## 1. Introduction

With the aim of supporting capacity building and talent development for banking professionals, the Hong Kong Monetary Authority (HKMA) has been working together with the banking industry to introduce an industry-wide competency framework - “**Enhanced Competency Framework (ECF) for Banking Practitioners**” in Hong Kong.

Since the implementation of ECF in 2018, various programmes for different job functions in banking industry have been developed and integrated into The Hong Kong Institute of Bankers’ (HKIB) flagship Certified Banker (CB) Programme which offer generalist, specialist, and strategic topics. The rationale for putting all programmes under one professional banking qualification is to promote an industry-based common qualifications benchmark. While ECF programmes offer “role-based” knowledge and certification to relevant practitioners, CB is offering a vocational qualification pathway for further career advancement, being continuously enhanced to nurture more holistic banking professionals and ultimately, supporting the industry to develop a continuous learning culture and a sustainable talent pool so as to maintain the competitiveness of Hong Kong as an international financial centre.

The Enhanced Competency Framework on Retail Wealth Management (ECF-RWM) was introduced to develop a sustainable pool of RWM practitioners for the banking industry. The qualification structure of the ECF- RWM comprises two levels: Core Level and Professional Level, targeted new entrants and existing RWM practitioners to help them achieve the required competency level through attaining a professional qualification in the retail wealth management sector.

As the programme and qualification provider of the ECF-RWM, HKIB has developed the learning programme – the “**ECF-RWM (Core Level)**” and “**ECF-RWM(Professional Level)**” to help individuals attain both the Core and Professional Levels of the competency standards.

This Handbook provides programme details and relevant information for the learner who wants to complete the ECF-RWM training and examination with the intent of obtaining the Professional Qualifications of “**Associate Retail Wealth Professional (ARWP)**” or “**Certified Retail Wealth Professional (CRWP)**”.

For more details related to the ECF-RWM, please refer to the [Guide to Enhanced Competency](#)

[Framework on Retail Wealth Management](#) issued by HKMA dated 28 December 2017 or you may visit [HKIB's ECF-RWM webpage](#).

## 2. Background

### 2.1 Aims

The aims of the ECF-RWM are twofold:

- (i) To develop a sustainable talent pool of RWM practitioners for the banking industry; and
- (ii) To raise and maintain the professional competence of RWM practitioners in the banking industry.

### 2.2 Competency Standards

They are set at two levels:

**Core Level** - This level is applicable to entry to entry-level staff responsible for carrying out frontline customer relationships and retail wealth management duties.

**Professional Level**- This level is applicable to staff who discharge frontline customer relationships and retail wealth management duties on their own and/or assume additional risk management and control duties as supervisors.

### 2.3 Scope of Application

The ECF-RWM is targeted at 'Relevant Practitioners', including new entrants and existing practitioners, engaged by an Authorized Institution (AI)<sup>1</sup> to perform job roles within the retail wealth management function in Hong Kong.

	<b>Role 1 – Frontline Customer Relationship and Retail Wealth Management</b>	<b>Role 2 – Risk Management and Control</b> (Staff who assume frontline retail wealth management roles and additional risk management duties as supervisors)
<b>Role descriptions</b>	<ul style="list-style-type: none"> <li>• Promote insurance and financial products to retail customers</li> <li>• Deliver investment, insurance or wealth management services to retail customers, taking into account</li> </ul>	<ul style="list-style-type: none"> <li>• Oversee policies, procedures and controls for suitability assessments and selling practices</li> <li>• Supervise Know Your Customer (KYC)<sup>2</sup> processes and review</li> </ul>

<sup>1</sup> An institution authorized under the Banking Ordinance to carry on the business of taking deposits. Hong Kong maintains a Three-tier Banking System, which comprises banks, restricted license banks and deposit-taking companies. Authorized institutions are supervised by the HKMA.

<sup>2</sup> Under the ECF-RWM, KYC processes refer to those aiming at understanding the risk profiles of customers and assessing the suitability of financial products rather than mitigating the risk of money laundering or financing of terrorism.

	customers' circumstances	customer risk profiling
--	--------------------------	-------------------------

The ECF-RWM is not intended to capture bank staff performing other job functions incidental to retail wealth management.

Although it is not necessary for a Relevant Practitioner to meet the benchmark of the ECF-RWM before he or she takes up a role, AIs are expected to encourage and support Relevant Practitioners in achieving the applicable benchmark in order to maintain the overall standard of competency in discharging the RWM roles.

For more details about the key tasks, please refer to Annex 1 - ECF-RWM: Key roles and tasks for Relevant Practitioners of the HKMA [Guide to Enhanced Competency Framework on Retail Wealth Management](#).

## 2.4 Qualification

A “Professional Certificate for ECF on Retail Wealth Management (RWM)” is awarded to candidates who have successfully completed all seven modules and obtained a pass at the relevant examination for each module.

## 2.5 Certification and Public Register

There are two Professional Qualifications under the ECF-RWM:

### *Associate Retail Wealth Professional (ARWP)*

A Relevant Practitioner may apply to HKIB for the professional qualification certification if he or she:

- (1) has completed Modules 1 to 4 and obtained a pass in the relevant examinations; or
- (2) is grandfathered based on the required work experience and qualification.

### *Certified Retail Wealth Professional (CRWP)*

A Relevant Practitioner may apply to HKIB for professional qualification certification if he or she:

- (1) completed Modules 5 to 7 of ECF on Retail Wealth management (Professional Level) and obtained a pass in the relevant examinations on top the Core Level qualification plus two years relevant work experience as specified in “Annex 1 of HKMA’s Guide to

- ECF-RWM”; or
- (2) is grandfathered based on the required work experience and qualification.

The two years of relevant working experience can be accumulated in RWM function of Authorized Institution(s) within four years prior to the date of application for certification and does not need to be continuous.

For details regarding grandfathering, please refer to HKIB [ECF-RWM webpage](#) and section 8 of the HKMA [Guide to Enhanced Competency Framework on Retail Wealth Management](#).

By going through HKIB certification process successfully, the respective certification holders are registered as Certified Individuals (CI) and included in the public register on HKIB website. HKIB will also grant the certification holder a professional membership of HKIB.

## **2.6 Annual renewal of certification and CPD Requirements**

The ECF-RWM certification is subject to annual renewal by HKIB. Certification holders are required to meet the annual Continuing Professional Development (CPD) requirements and pay an annual certification fee to renew the certification.

For both qualifications, a minimum of 10 CPD hours is required in each calendar year (ending 31 December), of which at least 3 CPD hours must be on topics related to compliance, code of conduct, professional ethics and risk management.

Any excess CPD hours accumulated within a particular year cannot be carried forward to the following year.

No CPD is required in the first calendar year when the above certification(s) is granted. The CPD requirement starts in the following calendar year.

Please refer to the [Overview of HKIB CPD Scheme](#) and [HKIB CPD Requirements webpage](#) for more details.

 Face-to-face Examination: Traditional face-to-face examinations will be conducted at designated venues arranged by HKIB. Candidates are required to take examinations at

specific locations allocated to them accordingly.

- ✚ “Remote Exam”: As an alternative to the traditional face-to-face examination, HKIB had introduced an innovative initiative, “Remote Exam”, allowing candidates to take examinations from their homes or workplaces with own computer equipment and internet access. “Remote Exam” offers greater flexibility in terms of location and time saving on travelling for our candidates without jeopardising the quality standard of assessment.

Measures will be taken to align the same standard of fairness and effectiveness as that of the traditional face-to-face examination. A two device-approach will be adopted with one computer, either desktop or laptop, to access the “Remote Exam” platform for the examination and a mobile device, either smartphone or tablet, for invigilation and monitoring. Authentication of identity and real-time virtual invigilation will be conducted hassle-free with an automatic remote system to ensure the highest degree of integrity and data security.

To ensure smooth examination operations, candidates opting “Remote Exam” are required to participate in the “Rehearsal Practice Examination” to be held by HKIB before eligible to attend the formal examination. This arrangement will facilitate the candidates to get better preparation and understanding on the logistic arrangement of the “Remote Exam”.
